### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with W. Joseph Melnick on 6/22/04.

The application has been amended as follows:

- Claim 1, Line 4: Replace "created received" with -- created the received --.
- Claim 1, Line 7: Replace "between loosely" with -- between the loosely --.
- Claim 15: Replace Claim 15 with --

A method of assessing constructed responses to test prompts,  
comprising the steps of:

relating loosely coupling items including received constructed responses, identities of test takers who created received constructed responses and scoring models for discrete scorable classifications to cases for assessment of said cases as an objects, said cases having different states corresponding to the status of the case in the assessment process;

changing content of respective cases by manipulating links between loosely coupled items;

~~linking said case to the identity of the test taker who created a received constructed response and a scoring model for discrete scorable classifications of said cases; and~~

storing the cases in a database for access.

- Claim 15, line 8: Replace "between loosely" with -- between the loosely --.

These amendments were made to further clarify the invention as claimed and to overcome a potential 112-2<sup>nd</sup> paragraph rejection and to represent the amendment to Claim 15 submitted on 3/31/04 properly.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly suggest wherein links between the loosely coupled items may be manipulated by an assessment program to modify content of respective cases (Claim 1 and similar language in independent Claim 15) in combination with the other claim limitations. See p.8, line 18 – p.9, line 3. of Applicants Remarks/Arguments filed on 3/31/02.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
